

Cash for Clunkers

June 26, 2009

Cash for clunkers

Hey folks I'm Gene Stocker from Stocker Chevrolet Subaru. Cash for clunkers, you've heard about it, sources say the President has signed or will sign this bill soon.

That's one billion dollars nationwide to assist Americans in upgrading their cars and cleaning the environment. But don't wait, gov't incentives up to \$4,500 per customer could be gone in a week and it's first come first served.

We are currently reserving vehicles for our customers while waiting for the Presidents signature. With existing incentives and the cash for clunkers you could get as much as \$7,000 off the price of a new Cobalt or \$12,000 off the price of a new Tahoe and the sales tax is deductible!! Hurry in!

Or Call – 1-866-235-0270
